

This is my approach to being a TD. I make all decisions concerning the event. I solicit opinions from other club members and players on anything debatable if I have time. I prefer to do what is most popular as long as that is practical and doesn't distract from any higher goals. I decide when all decisions need to be made logistically and make them on schedule with or without input from others. It is my duty to make sure everything works. I cannot do it without 5 to 15 committed helpers before, during and after the event, the number depending on the circumstances.

These are my steps for directing a DG event:

1. Make sure you know the PDGA rules of play or at least most of them and have a copy handy and know how to find the answers quickly.
2. Select a time, location and theme.
3. Ask the local club for permission and support. Be as specific as possible with what you plan to do and expect the club to do. Deal with the President if he has full authority and if not ask the club to vote on your plan.
4. Get commitments from a good crew of event helpers. Talk to them personally and keep their contact info handy.
5. Get permission and support from the course owner. At the Rez that is Craig Hunt, chunt@therez.ms, 601-856-6574.
6. Schedule the event with any sanctioning bodies. For the SN that is John Kittrell, john.kittrell@littlerock.af.mil.
7. Create and distribute a Flyer with basic info on the event - theme, location, time, divisions, fees and your contact info.
8. Begin marketing and preregistration for the event. Delegate as much as you can for that and all other details. Do take special care to make sure you will have trophies, prizes, event paper work and supplies as needed. I am including my Tournament Check List and samples of my paper work from the last event. It is your job to make sure everything gets done, not to do it all.
9. There are steps to follow at the event as well but I imagine you know how that works. There are usually experienced volunteers that will help you with whatever you ask.
10. Ask me if you have questions.

2008 MS DG State Championship Rules

All PDGA rules apply unless otherwise stated herein or at the players meeting.

Out of Bounds

1. Road, parking lot and lake water are OB if your lie is surrounded by, totally in, on or across. Examples of OB road are holes 1, 10 & 12. Examples of OB lake are holes 11, 17 & 18.
2. Water not connected to the lake is not OB, example creek on hole 7 is not OB.
3. Concrete octagon and hexagon and adjacent or connected side walks near basket 16C are OB if your lie is surrounded by, totally in or on.
4. Fences are OB if there is no fencing between the tee and pin in play. Example that no part of the fence on holes 5, 7C or 8 is OB, but the fence is OB on holes 7A, 7B, 16 and 17.
5. The two (2) meter OB rule is IN effect - discs at rest completely above two meters from the playing surface are OB.

2008 MS DG State Championship
Rule Reminders for 1st Timers

1. **Out of bounds** - 1 stroke added to score for the hole.
 - a. Throw from 1 meter straight in from last in bounds point.
 - b. Provisional throws can be used anytime the IB status of a lie is in question.
 - c. The OB line is OB. If you go over the fence early on 16 then it comes back and hits the outside of the fence and lands OB, your mark is not where it hit the fence because the fence is OB.

2. **Marking lie** - throw behind mark - your marker is your mini or your lie disc without moving it.

3. **Supporting points** at release - must have:
 - a. One (1) supporting point directly behind marker and within 30 cm (11"),
 - b. No supporting point closer to basket than back of marker,
 - c. No supporting point OB.

4. No **falling putt** within 10 meters - must demonstrate balance after release before advancing.

5. **One (1) meter from OB** relief
 - a. If your lie is in bounds but within 1 meter of an OB line you are allowed to mark your lie up to 1 meter straight in (90 degrees) from the OB line.
 - b. If your lie is out of bounds your mark is up to 1 meter straight in from the last point your disc was in bounds.

6. **Casual obstacles to stance** relief
 - a. Casual Obstacles include casual water, tree debris not connected to a tree, motor vehicles, harmful insects or animals, players equipment, spectators or any item or area specifically designated by the director before the round.
 - b. If no part of a casual obstacle is between lie and basket you can move it as needed to get a clear stance.
 - c. If any part is between the lie and basket you cannot move obstacle but can move your marker and throw from up to five meters back from the lie on the line of play as needed to achieve a stance without penalty.

7. **Permanent obstacle** relief - one (1) stroke penalty to relocate, 5 meters and no closer or previous lie.
